<b>Meeting Location:</b>	2509, Library
<b>Briefly describe the goal or purpose of this Club or Organization:</b>	I have a great desire in establishing a pre-medical club at John Champe High School. I believe that there are many other students including myself that are interested in the medicine/health field. Through the Future Medical Leaders club/organization, members would participate in lectures given by surgeons/physicians, hospital tours, club hosted blood drives, hands on dissections/suturing, project research, CPR licensing, First Aid licensing, provide hospital volunteer opportunities/internships, and so much more! During this time in Future Medical Leaders club, the students will be able to fully expand their medical/science knowledge while exploring the different perspectives of health/medicine professions!
